

Bihar Board Class 11 English Book Solutions Read, Think and Enjoy Chapter 3 Unemployed Hope

Bihar Board Class 11 English Unemployed Hope Textual Questions and Answers

Let's Think and Do :

Question 1.

How does the poem express the frustration of the unemployed youth ?

Answer:

The unemployed especially the educated young men, hope to find a suitable job. They have their dreams. They want to help their parents also. They apply for a post and begin to dream. But they are frustrated when in spite of applying again and again they get no employment. They starve and struggle to live. Their dreams are lost.

Question 2.

Comment on the title of the poem.

Answer:

The title Unemployed Hope refers to the aspirations of the young people who complete their higher education in the hope of getting a good and respectable job. But when they have completed their education, they find the realities too harsh. They find that in spite of their education they remain unemployed.

Question 3.

Do a project work on the employment among educated youths, focusing on its causes and consequences. Also suggest ways to deal with the problem.

Answer:

A Project work on the employment among Youths:

[A discussion among five students is held on the issue of the causes and consequences of unemployment among the educated youths and measures to solve the problem.]

Anil : Well, Ajit, what are the causes of unemployment among the educated youths ?

Ajit : Well, you have put up a very important burning problem of our nation. The vacancies in comparison to educated youth are quite inadequate in different offices. At the same time, the policy of our government is also faulty.

Anup : What are the consequences of unemployment ?

Rahul : Well, unemployment has caused a great damage to the people and the nation. Due to unemployment youth have indulged themselves in antisocial and nefarious activities like kidnapping, dacoity, terrorism soon.

Anil : Well, I would like to know the measures to be taken to solve the problem.

Jyoti : Ofcourse you have asked about a most burning problem, we are facing with in these days, the government should introduce job-oriented education system. There must be the expansion of factories and industries as well as village industries, Khadi Gramodyog etc in large scale.

Anil : Thank you Jyoti for your valuable suggestions.
