

Bihar Board Class 11 English Book Solutions Story of English Chapter 8 Future of English

Bihar Board Class 11 English Future of English Textual Questions and Answers

Answer these questions very briefly :

Question 1.

Name the language which was a world language about 800 years ago.

Answer:

About 800 years ago, Latin was a world language. It spread all over Europe as the Roman Empire grew and many new varieties came into existence.

Question 2.

Why is Latin no longer in popular use?

Answer:

Latin language is no longer in popular use because with the fall of the Roman Empire languages of many countries moved apart from Latin. Many different varieties of languages became new language, such as Spanish, French, Italian.

Question 3.

Name three areas of English language in which rapid changes have been noticed in the last few decades.

Answer:

There are mainly three areas of English language in which rapid changes have been noticed in the last few decades. These areas are

(i) English Grammar

(ii) Spelling

(iii) Pronunciation.

The concepts of Grammar, spellings and pronunciation have been made simple. So, the English language has developed with a great speed.

In the areas of Internet, Computer and programming English has been widely used.
