# ALUMNI STORIES

**Lucie**  
Diploma of Digital Media Technologies  
Associate Portfolio Manager, Revolution Asset Management

“The support I received from my Kent lecturers was unbelievable. It is not the typical student-teacher support with learning materials which is a standard you’d get everywhere but it’s the personal approach, advice and help they had provided me. A personalised support that helped me achieved my goal. It isn’t something you would receive at a big university, and that’s why I think studying at Kent made such a big difference for me.”

**Renan**  
Diploma of Digital Media Technologies  
Software Engineer, EightD & Co.

“Kent course structure is better in the sense that it is more organised. Lecturers are really keen to know if the student are really learning or progressing. They are passionate of knowing their students a little bit further rather than just checking their assessments.”

**Justine Glen**  
Bachelor of Business (Marketing)  
National Sales and Marketing Coordinator, Lyres Spirit Co

“Studying at Kent can be described as an opportunity not to be missed! Opportunity to grow, to strive for excellence and to become a better Person. Lecturers are interesting, knowledgeable, and knows their craft well. Staff are accommodating and understanding to every student’s situation-from choosing your units, building your personal and social skills and networks and friends, and preparing your future career.”

**Marine**  
Diploma of Digital Media Technologies  
2020 Recipient of Dr. Anthony Koop  
Student Leadership Excellence Award and a Dean’s Lister

“I enjoyed most of the units, but if I have to pick only one, then it’s business law. The lecturer played a major role in making the unit stands out.”
