Not all University of Canberra courses admit international students each year. Those courses marked with an 'N' are not available in 2010.

The University of Canberra sets its fees according to an annual rate method. The annual rate is the fee that applies to standard full-time enrolment, which is 24 credit points.

The final fee charged is based on the proportion of 24 credit points in which a student enrolls. For example, if a student only enrolls in 3 credit points then the student will be charged  $\frac{3}{24} = 0.125 \times$  annual rate. In 2006 the University changed its fee charging method. The annual rate that applies in the year a student commences will apply until the student completes the degree (as long as the student completes in minimum time e.g. completes 24 credit point each year). Students who commenced in 2005 or pre-2005 will be charged the 2005 annual rate.

The 2006 annual rate will apply to all students who commence study in a degree in 2006. The 2006 rate will apply until the student completes the degree (as long as the student completes in minimum time e.g. completes 24 credit point each year).

This is the total course fee that will apply to students who commence study in a degree in 2006.

This is a joint program with the Canberra Institute of Technology. A flat rate per semester applies.

For the purpose of charging fees, graduate certificates, graduate diplomas and masters courses are considered to be discrete courses, even where they belong to a suite of courses. Accordingly, students who upgrade from a graduate certificate to a graduate diploma to a masters course will be charged at the annual rate applicable for the year in which they commence each course (see note 3, above, for further information).

The 2007 annual rate will apply to all students who commence study in a degree in 2007. The 2007 rate will apply until the student completes the degree (as long as the student completes in minimum time e.g. completes 24 credit point each year).

This is the total course fee that will apply to students who commence study in a degree in 2007.

The 2008 annual rate will apply to all students who commence study in a degree in 2008. The 2008 rate will apply until the student completes the degree (as long as the student completes in minimum time e.g. completes 24 credit point each year).

This is the total course fee that will apply to students who commence study in a degree in 2008.

These Diploma courses are taught in conjunction with the University of Canberra College and are taught in a trimester pattern. The courses are open

The 2009 annual rate will apply to all students who commence study in a degree in 2009. The 2009 rate will apply until the student completes the degree (as long as the student completes in minimum time e.g. completes 24 credit point each year).

This is the total course fee that will apply to students who commence study in a degree in 2009.

The 2010 annual rate will apply to all students who commence study in a degree in 2010. The 2010 rate will apply until the student completes the degree (as long as the student completes in minimum time e.g. completes 24 credit point each year).

This is the total course fee that will apply to students who commence study in a degree in 2010.
