As an accountant of a company, you are disappointed to learn that the totals in your new trial balance are not equal. After going through a careful analysis, you have discovered only one error. Specifically, the balance of the Office Equipment account has a debit balance of Rs. 31,200 on the trial balance. However, you have figured out that a correctly recorded credit purchase of pen-drive for Rs 7,000 was posted from the journal to the ledger with a Rs. 7,000 debit to Office Equipment and another Rs. 7,000 debit to creditors accounts. Answer each of the following questions and present the amount of any misstatement :

(a) Is the balance of the office equipment account overstated, understated, or correctly stated in the trial balance?

(b) Is the balance of the creditors account overstated, understated, or correctly stated in the trial balance?

(c) Is the debit column total of the trial balance overstated, understated, or correctly stated?

(d) Is the credit column total of the trial balance overstated, understated, or correctly stated?

(e) If the debit column total of the trial balance is Rs. 4,80,000 before correcting the error, what is the total of credit column.
