A beach is one of the most peaceful places where people can relax and enjoy nature. The sound of waves gently touching the shore, the cool sea breeze, and the soft sand under the feet create a calm and refreshing atmosphere. Many people visit beaches during holidays to take a break from their busy lives and spend quality time with family and friends.

Some people enjoy walking along the shore, collecting seashells, or simply sitting and watching the sunset. Others like reading books, building sandcastles, or playing games near the water. Beaches also help people feel fresh and happy because spending time in nature can reduce stress and improve mood.

A clean and peaceful beach offers a perfect place to rest and think quietly. However, visitors should always keep beaches clean by throwing waste in dustbins and avoiding plastic litter. Protecting beaches helps preserve their beauty and keeps marine life safe.
