It is an admitted fact that union or cooperation is strength, disunion is weakness. A united family, a united community, a united society, a united nation is strong; but those who are disunited or split up into fractions or groups, are all weak. Take the case of a football or hockey team. If the members of the team play together and cooperate with one another, they form a strong team. But if each member of the team plays his own game, they will surely be defeated, however strong the individual players may be. The same is true of an army. To win a battle, an army must work as one man. Napoleon's motto was, 'Divide and conquer.' He tried to split up the armies fighting against him. Then he would overcome them one by one.
